

Drum trolley STRUB

Robust, durable drum trolley incl. hose box

Art.-No. 955250

Description

The STRUB drum trolley is a robust drum trolley designed for safe handling of drums. Thanks to its small and maneuverable design, it is particularly handy and compact and enables safe transport.

It has a swiveling hose box with automatic retraction and a 20-meter water hose. The STRUB drum trolley is equipped with a refractometer storage compartment and a timer. It can be loaded directly from the pallet and has a hanger for the discharge hose.

In case something should go wrong, our STRUB drum trolley offers a practical, small drip tray. The optimal handling of all types of drums thus creates a great relief for your everyday work.

Advantages

- small and maneuverable
- L: 800 mm, W: 620 mm, H: 1200mm
- incl. swiveling hose box
- 20 meters water hose, with automatic retraction
- hanger for discharge hose
- refractometer storage compartment
- timer
- safe and compact
- can be loaded directly from pallet
- small drip tray
- sturdy heavy duty castors

Optionally, the Lestol emulsion mixing device S-1520 (Art. No. 952213) is available from us and can be easily mounted on the drum.
