

# STRUB Mirratol 422

Mixer and vehicle protection

Art.-No. 30044

---

## Description

STRUB Mirratol 422 is a thin-bodied, water-light special oil with very good physical and chemical release properties, not sensitive to cold. Does not attack metals and plastics.

The product can also be used as a stain-free formwork oil for metal, plastic and wooden formwork.

## Application

Particularly suitable for site mixers, loading bridges, superstructures, equipment, tools and vehicles. Very good corrosion protection capacity. Does not form resinification or sticky residues. STRUB Mirratol 422 is ready for use, solvent-free and economical in consumption. Apply evenly and sparingly to the parts to be protected by spray.

## Features and advantages

- VOC free
- Frost resistant down to - 20°C
- Ready for use
- Not water soluble
- Economical in consumption

## Technical data

|                       |                    |            |
|-----------------------|--------------------|------------|
| Density at 20°C       | g/cm <sup>3</sup>  | 0.850      |
| Viscosity at 40°C     | mm <sup>2</sup> /s | 8          |
| Flash point           | °C                 | > 120      |
| Pour point            | °C                 | - 24       |
| Operating temperature | °C                 | > 0 - < 40 |

## Transport

ADR/SDR No dangerous goods

## Disposal
