

# STRUB Monafix CL 602

Strong alkaline rim and industrial cleaner

**Art.-No. 30511**

---

## Description

STRUB Monafix CL 602 is a modern alkaline cleaner, which no longer causes malfunctions in crevice systems, as could be the case with acidic ones in the past.

Strong, alkaline iron and aluminum cleaner for garages, railroad and container traffic.

## Application

### Hand use

Apply the appropriate diluted solution of STRUB Monafix CL 602 with a sponge and allow to act for approx. 2 to 10 minutes. Then rinse well with clear water.

### Spray method

The corresponding diluted solution is sprayed onto the surface to be treated using a spraying device (vine sprayer or other spraying equipment), allow to react for approx. 2 to 10 minutes and then rinse with plenty of fresh water.

## Mixing ratio

|                      |                           |
|----------------------|---------------------------|
| Railroad freight car | 1 : 1 with water          |
| Aluminum             |                           |
| - normal pollution   | 1 : 10 with water         |
| - heavy soiling      | 1 : 3 to 1 : 5 with water |

## Safety note

Strongly corrosive (pH 13), harmful if swallowed. Wear rubber gloves and safety goggles. In case of skin or eye contact, rinse with plenty of water.

## Transport

UN-Code 3267  
ADR/SDR Cl.8 C7, packing group II

## Disposal

LVA VeVA / EAK: 07 06 01
