

# STRUB Petrol boiling range 100/140

Hydrocarbon cleaner, 100% VOC

Art.-No. 33673

---

## Description

STRUB petrol boiling range 100/140 is a cleaning petrol with a defined boiling point. The product is suitable for general cleaning of oil and grease contaminated objects. STRUB petrol boiling range 100/140 removes oils, greases, adhesives, dust as well as all common contaminations on machines and their parts.

## Application

The application possibilities are almost unlimited, all metals, plastics as well as rubber can be cleaned with STRUB petrol boiling range 100/140. Main use is wherever quick, thorough and fast drying cleaning is required. Check surface for resistance.

## Technical data

Color		colorless, clear
Density	g/cm <sup>3</sup>	0.72
Flash point	°C	5
Boiling range	°C	90 - 165
Explosion limits	Vol.-%	0,6 - 7
Solubility in water		practically insoluble

## Transport

ADR/RID UN 1993 FLAMMABLE LIQUID, N.O.S. (toluene, ethyl acetate), 3, II, (D/E)  
Safety Regulation 640D

## Disposal

LVA VeVA / EAK: 14 06 03

## Levies

VOC subject to 100%

The information in this technical data sheet is based on general knowledge and application possibilities. STRUB + Co. AG is not liable for damage resulting from improper use of the products. The industry-standard measurement and production tolerances apply to the specified characteristic. Generally, no legal binding can be derived from these data. Our products are subject to continuous further development. Therefore, STRUB + Co. AG reserves the right to change all technical data in this data sheet at any time and without prior notice.
