

STRUB Universal thinner 2K

2 - Component Thinner

Art.-No. 31038

Description

Fast evaporating premium thinner for 2K paints and cleaners for tools and surfaces exposed to solvents. Produced from pure high quality solvents. No regenerate is used or processed in its manufacture.

Application

STRUB Universal Thinner 2K is a modern paint thinner for 2-component paints based on epoxy, polyurethane. Check for compatibility beforehand.

STRUB Universal Thinner 2K removes paint residues from equipment, spray guns, brushes and removes oils, greases, and waxes from surfaces. Check surface for solvent resistance.

Technical data

Density	0.853 g/cm ³
Flash point	-4°C
Boiling point	77°C
Ignition temperature	425°C

Transport

ADR/RID UN 1993 FLAMMABLE LIQUID, N.O.S. (toluene, ethyl acetate), 3, II,
(D/E) Special provision 640D

Disposal

LVA VeVA / EAK: 14 06 03

Water protection

Must not enter drains, water courses or soil.

Levies

VOC subject to 100%

Fire protection

The product contains flammable solvents. These can form ignitable mixtures with the air when evaporating. Secure container against electrostatic charge!

The information in this technical data sheet is based on general knowledge and application possibilities. STRUB + Co. AG is not liable for damage resulting from improper use of the products. The industry-standard measurement and production tolerances apply to the specified characteristic. Generally, no legal binding can be derived from these data. Our products are subject to continuous further development. Therefore, STRUB + Co. AG reserves the right to change all technical data in this data sheet at any time and without prior notice.
