

STRUB Spindle Oil

High-tech spindle oil for high-speed spindles

Description

STRUB Spindle Oil is a special and thin spindle oil. It consists of a specific fraction mixture with specially developed synergistic additives. The excellent antioxidants and the special wear protection give the high-tech spindle fluid an optimal performance.

Application

STRUB Spindle Oil has been specially developed for high speed spindles and is excellent for cooling for high performance machining centers.

Features and advantages

- optimal corrosion protection
- good wear protection
- no foam formation
- balanced viscosity-temperature behavior
- Excellent oxidation resistance
- low pour point

Technical data

Art.-No.		33553	33306	33308
Color		clear	clear	clear
Density at 20°C	g/cm ³	0.823	0.860	0.860
Viscosity at 40°C	mm ² /s	2	5	10
Flash point	°C	100	100	180

Transportation

ADR/SDR No dangerous goods
