

# STRUB Zink Spray

Micro fine zinc powder coating in spray, VOC 276.00g

Art.-No. 30695

---

## Description

Microfine zinc powder in spray for temperatures from - 40°C to + 490°C. Color: matt gray.

## Application

Spray STRUB Zinc Spray onto degreased surfaces from a distance of approx. 10 - 30 cm. Do not use in the presence of open fire or ignition sources. The applied film dries quickly and protects permanently against corrosion.

## Features and advantages

- contains 99% microfine zinc powder
- salt water resistant
- protects permanently against corrosion
- forms firmly adhering, fast drying permanent primer
- suitable as electrochemical corrosion protection

## Technical data

Operating temperature	°C	-40°C to +490°C
